This change application and an application to change Permit 28974. Certificate 9607, are being filed in order to move the permittee's water rights onto property under his ownership and control. The manner of use is being changed from irrigation to quasi-municipal and domestic and will be offered for dedication in support of a proposed development in the vicinity of the proposed point of diversion. Water will ultimately be placed into the existing Dayton Utilities distribution system.

For the existing point of diversion and place of use please refer to the Cultural Map on file under Permit 29011.

The total combined duty of this application and the application to change Permit 28974, Certificate 9607 shall not exceed 75.40 acre-feet annually.
